The diagram illustrates a two-stage network. The top stage consists of two input nodes, CB1 and CB2, represented by blue squares. The bottom stage consists of a central processing area with several nodes: LB2, LB3, DE1, S1, DT1, S2, DE2, LB1, and LB4. These nodes are arranged in a grid-like pattern. The nodes are connected by lines, forming a network structure. The nodes are labeled with their respective names in black text.
